

Skills you can prove.

A Belgian learning technology company.

Workforce readiness you can measure, evidence you can audit, and reporting your donors will trust. Sized for policy, investment and capacity-building programmes — delivered from the EU, built for Vietnam.

THREE SERVICES, ONE GOAL

Skills Accelerator

Blended learning that ends in real proof. One learner, one competency record, one dashboard your team can trust.

For programme and capacity-building teams

AI Buddy

Answers at the moment your people need them. Grounded in your manuals. Works on any phone, even offline.

For technical and field teams

Learning design & advisory

We shape the course with your experts, then localise it into Vietnamese. Accessible by design, and easy to run.

For HR, L&D and course owners

HOW WE CAN HELP

How we help public-sector and multilateral partners

— **Skills Accelerator** — real workforce readiness for your policy and investment programmes. Role, skills, assessment, readiness — with the evidence to back it.

— **AI Buddy** — trusted guidance for civil servants, technicians and field staff. In their language. On their phone. Grounded in your manuals.

— **Learning design & advisory** — procurement-ready methodology (ADDIE, GDPR, SCORM/xAPI), country-in-a-box scaling and Train-the-Trainer for national rollout.

CO-CREATION

Built with your team. Ready for your donors.

Baseline studies, competency frameworks, blended delivery and dashboards your auditors will love — co-created with your team and aligned to your priorities.
