

Curricula that carry into the workplace.

A Belgian learning technology company.

We design courses your students will remember at work. Built with your faculty, localised into Vietnamese, and delivered through blended learning that actually fits how young people study today.

THREE SERVICES, ONE GOAL

Skills Accelerator

Blended learning that ends in real proof. One learner, one competency record, one dashboard your team can trust.

For programme and capacity-building teams

AI Buddy

Answers at the moment your people need them. Grounded in your manuals. Works on any phone, even offline.

For technical and field teams

Learning design & advisory

We shape the course with your experts, then localise it into Vietnamese. Accessible by design, and easy to run.

For HR, L&D and course owners

TRACK RECORD

46

sustainability modules incl. train-the-trainer for UNIDO's LKDF (2024)

3,000+

staff trained in safety at Ineos / Praxis; 99–100% VCA pass rate

1,000+

employees on bilingual GMP e-learning at Ajinomoto Omnicem

24

HIV-prevention modules in EN/RU for EATG; satisfaction above 85%

Also: UNIDO Skills Accelerator pilot with Kenya Dairies (2026) · Legend Biotech · Fluvius / HIT-FiDigO · Elia Group · Luminus · Brussels Airport Company · UN Women WEPs · G4S · ZF · Cohezio · EATG · Wyre / FlowSparks (SCORM 1.2 onboarding, 2026) · HIT Academy (BA4/BA5, VCA VOL)

"High-quality work – well-organized and engaging deliverables that sparked significant interest among colleagues." **LKDF, UNIDO**

HOW WE CAN HELP

How we help universities and TVET

— **Skills Accelerator** — curricula and assessments that end in a competency record. Rubrics, workplace cases and dashboards your programme leaders will use.

— **AI Buddy** — a study and job-support assistant your students actually open. Multilingual, on their phone, grounded in your course materials.

— **Learning design & advisory** — ADDIE-based design, local academic validation, Train-the-Trainer, and delivery through T2blend, Moodle or Articulate 360.

CO-CREATION

Built with your faculty. Owned by your team.

Competency-based curricula, assessments and trainer capacity, co-developed with your teams — with local academic validation, industry input and Vietnamese localisation.
